MDF® 797X PROCARDIAL ERA™ STETHOSCOPE

This is not a cardiology or cardiac stethoscope, this is the MDF® ProCardial ERA™—the very first stethoscope of its kind. We promise, you’ve never seen a stethoscope like this. It is a stethoscope completely reinvented and you won’t believe how light it is. Enhanced by 7 unique patents, it features the patented sound-sealing A2X tubing, a convertible chestpiece with 3 real bells and 3 separate diaphragms in adult, pediatric, and infant modes. Covered by a lifetime warranty and the Free-Parts-for-Life Program™.

MDF® 808B CALIBRA™ PRO SPHYGMOMANOMETER

The lost art of the double bellow sphygmomanometer has been revived and crafted by MDF Instruments. The MDF® Calibra® Pro Pocket Aneroid Sphygmomanometer is probably the last remaining of its kind in the world. It is stress-tested over 3,000 times and calibrated five times, for double the accuracy, durability, and longevity, making it perhaps the most dependable blood pressure measurement device. It is covered by a three-year warranty on the bulb and cuff, and lifetime calibration warranty on the gauge.
